

# Varn Easy Start

## Formulated to lubricate blankets on start up

Varn Easy Start is specially formulated to reduce blanket tack after a make ready or enforced stoppage. The unique properties of Varn Easy Start aids substrate release on start up, thereby minimising frustrating and costly stoppages.

Varn Easy Start is a formulation of anti-oxidants which apply a protective film to avoid ink skinning on blankets and rollers. This is a professional formulation and will not change the colour, consistency or drying speed of any sheetfed or web ink.

Features	Advantages	Benefits	Product Benefits
Effective anti-oxidant blend.	Retards ink drying and skinning.	Reduced ink waste.	<ul style="list-style-type: none"><li>• Prevents ink skinning.</li><li>• Economical.</li><li>• No fluorocarbons.</li><li>• Reduces paper waste.</li></ul>
Wide angle spray applicator.	Easy to apply.	Excellent coverage.	
Advanced lubricant.	Fast, trouble-free start-ups.	Helps reduce web breaks and minimise wrap-around.	

## Directions for use

Blankets:

Hold Varn Easy Start 250mm from surface and apply liberally to cover blanket surface.

## Packaging

500  
ml
