

# Varn Pro-Kleen

## Concentrated cleaner/degreaser

Varn Pro-Kleen is a highly concentrated cleaner/degreaser designed for a wide variety of press room cleaning applications that require an aqueous cleaner with extra detergency and grease dissolving power.

Varn Pro-Kleen's excellent cleaning power incorporates anti-reposition and soil suspending agents to ensure a bright finish.

Varn Pro-Kleen is economical to use and can be applied manually or with automatic scrubbers.

Varn Pro-Kleen should be diluted to strength and can be used for a number of applications ranging from the removal of heavy ink deposits on covers and floors through to light soiling of press frames and general office and paintwork cleaning.

Varn Pro-Kleen is non-flammable and non-corrosive to ensure a safe working environment and maximum protection for press machinery.

Features	Advantages	Benefits	Product Benefits
Powerful cleaning action.	Suitable for removal of heavy ink/soil deposits.	User friendly with fast, effective cleaning.	<ul style="list-style-type: none"> <li>• Non flammable.</li> <li>• Non corrosive.</li> <li>• Removes ink, grease and difficult to remove residues.</li> <li>• Anti-reposition and soil suspension agents to ensure bright finish.</li> <li>• Suitable for spray cleaning or with automatic floor scrubbers.</li> <li>• Excellent cleaning power.</li> </ul>
Contains soil suspending and grease cutting agents.	Deters repositioning of dirt & greasy residues.	Bright finish.	
Suitable for manual and spray or automatic scrubbing machines.	Versatile in use.	One product for all applications.	
Non-flammable.	Safe storage.	Safer working environment.	

## Directions for use

Varn Pro-Kleen may be applied with a clean sponge, cloth brush or sprayer. Allow to remain for a few minutes, wipe away and flush off surface or remove with a clean cloth. Varn Pro-Kleen should be used diluted down to the optimum concentration by hand or via a dosing system. Varn Pro-Kleen can be used neat but always test on an inconspicuous area of the surface before applying.

Suggested dilution rates:

Use at 1:9 dilution for general cleaning.

Use at 1:2 dilution for heavy duty cleaning.

Use neat for heavily soiled areas.

May be used with a Varn water miscible wash for special applications.
